# *Suggestions for purchasing school uniforms from the team at Panthers Menswear, Leongatha*

1. Make an appointment – Please book a day/ time with one of our team members. This will save you time and allow us to give you the best service too. A fitting for the full uniform takes typically 45 minutes.
2. Allow for size growth. Children have a habit of growing! Our experienced team will make these allowances normally and offer suggestions. We have a seamstress and a tailor who will do any alterations as required.

3 Second hand can save you money . Please check the age and quality of the goods prior to your purchase. The school uniforms are made from the most robust fabrics available, do perform well but don't last forever.

4.Layby is your friend. At Panthers, we use layby and recommend it for back to school and winter items. Many families will layby in October/ November for 'back to school' and early in term 1 for 'winter layers' that can be picked up once the weather gets cooler. Layby also helps you budget, you may change items in the layby and pick up close to the time required. A 20% deposit is required. Layby also avoids the last- minute scrabble to pick up those sought after sizes and uniform items that can sometimes run short during the busy periods.

5.Free delivery to the school – if you live away from Leongatha or are unable to visit our shop – please call , pay over the phone and we will deliver the order the next business day to the school office.

6.Save $20 off your school shoes – if your child attends Mary MacKillop you receive a discount on our range of school shoes. Panthers keep ROC and Harrison / Clarks shoes approved for wear at Mary Mac Killop College.

7.Feedback is welcome. Please contact us if you have any issues regarding quality or wear of the product. We are always looking to work to improving product life and customer service.

*Susan and David Panther have owned Panthers Menswear since 1997 and had their 3 daughters attend Mary Mac Killop Catholic Regional College in the early 2000's. They and their friendly experienced team are there to assist you make the right uniform choices for your child.*
